

JASVANTH. S

Full-Stack AI Developer

+91 8098421779 • jasvanth1010@gmail.com • [Portfolio](#) • [GitHub](#) • [LinkedIn](#)

PROFESSIONAL SUMMARY

AI-first full-stack developer with a proven track record of shipping production-grade applications that fuse scalable React / FastAPI architectures with Generative AI and RAG workflows. Experienced in designing Agentic systems, building LLM-powered APIs, and deploying end-to-end solutions from data ingestion to polished UI. Passionate about bridging complex machine learning models with intuitive user experiences that solve real-world problems.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Tailwind CSS, JavaScript, TypeScript, Framer Motion

Backend & APIs: FastAPI, Flask, Django, RESTful APIs, WebSockets

AI / GenAI Stack: LangChain, LangGraph, CrewAI, RAG Pipelines, LLMs, Prompt Engineering

Databases: MongoDB, PostgreSQL, ChromaDB, Pinecone, Vector Databases

DevOps & Tools: Docker, Git, GitHub, Render, Vercel, Jupyter Notebook, VS Code

Languages: Python (Expert), JavaScript, TypeScript

KEY PROJECTS

Smart Academic Assistance Bot [Python, FastAPI, LangChain, CrewAI, RAG, Llama 3, Docker, Telegram API]

- Architected a production-ready Agentic RAG Telegram bot with a dual-brain architecture, prioritizing Google Drive documents before falling back to Llama 3 via Groq
- Reduced document lookup time by 80% through intelligent retrieval routing and real-time conversational interface
- Containerized the entire stack with Docker for one-command deployment

EasyML — No-Code ML Platform [Python, Flask, Scikit-learn, Pandas, JavaScript, HTML/CSS, Render]

- Engineered an end-to-end web application allowing non-technical users to upload tabular data, select ML models, visualize results, and generate real-time predictions without writing code
- Integrated Matplotlib/Seaborn visualizations and model export via Joblib, deployed on Render

3D Print With Sruthi — E-Commerce Platform [Next.js, Tailwind CSS, Cashfree, Role-Based Auth]

- Designed and shipped a full-stack e-commerce site with role-based authentication and Cashfree payment gateway integration for a production client
- Enabled scalable online product sales; improved customer conversion through a clean UX

Futurix 2026 — Event Management Platform [React, GitHub Pages, Registration & Payment System]

- Built a dynamic event website for Arjun College of Technology featuring department showcases, participant registration, and integrated payment processing for Futurix 2026

Trading Prediction App [Python, Streamlit, Scikit-Learn, yfinance, Pandas]

- Developed an interactive stock and crypto movement forecasting app using ML models trained on Yahoo Finance data, with intuitive charting for retail investors

PROFESSIONAL EXPERIENCE

Artificial Intelligence Intern | [Grow Your Skills](#) • Jul 2025 – Oct 2025 • Bengaluru, India (Remote)

- Built end-to-end AI solutions covering data preprocessing, model development, and FastAPI deployment
- Developed LLM-based applications with exposure to agentic AI architectures and prompt pipelines
- Designed data analysis workflows for automation use cases, reducing manual processing effort

Data Visualization Intern (Power BI) | [Gateway Software Solutions](#) • Apr 2025 – May 2025 • Remote

- Designed 4+ interactive Power BI dashboards for sales analytics, improving report clarity by ~30%
- Collaborated with stakeholders to translate business requirements into visual intelligence tools

EDUCATION

B.Tech — Artificial Intelligence & Data Science

2023 – 2027

Arjun College of Technology, Coimbatore **CGPA: 8.21**

CERTIFICATIONS

Gen AI Engineering Mastermind — Outskill (2026)

The Complete React.js Beginner Course — Udemy (2026)

Full-Stack Master Class — Noviteh (2025)

AI Agents Intensive Course — Google / Kaggle (2025)

Master in Data Science — Udemy (2025)

Oracle Certified Foundations Associate — Oracle University (2025)

ACHIEVEMENTS & HIGHLIGHTS

- Top 23 Finalist — TNFS National Technical Paper Presentation, VIT Chennai (Mar 2026)
- Presented 'EasyML' at Smart India Hackathon 2024 internal prelims
- Speaker at ZARAK 2K25 — presented 'Data Science in Industry 4.0' to a technical audience
- Attended Tamil Nadu Global Startup Summit 2025 and CIT Alumni Meet 2026
